

Information Update Request

Please review the information provided and make the necessary corrections, and mail to 1276 Liberty St. Ste2 Franklin, PA 16323. . We realize it is your union's decision how you apply the membership split by where your members work and/or live. If you sort your membership by zip code, determine the number of members for each CLC and enter them, we will calculate the percentage for you. Please make sure the total of members in all CLCs equals your membership. Affiliating with more than one CLC increases your network, develops more allies, and increases your political voice in the AFL-CIO endorsement process. Remember to assign delegates to the ALF and any CLCs where you remit per capita payments. THANK YOU!
